"Partnering for a Better Havasu"

At Hav-A-Sis, we believe a stronger community is built through meaningful connections. Our mission goes beyond volunteer service and fundraising—it's about bringing people together, supporting local businesses, and creating opportunities that benefit all of Lake Havasu City.

Our local business partners are at the heart of that mission. When residents choose to support businesses that give back, they help create a cycle of generosity that strengthens our entire community. Every partnership, every purchase, and every act of support helps fund local programs, assist neighbors in need, and build a more connected and compassionate city.

The greatest rewards of nonprofit work aren't measured in dollars. They're found in the friendships we build, the lives we touch, and the pride of knowing we've made a difference together. Through collaboration, service, and community spirit, Hav-A-Sis is committed to creating lasting relationships that make Lake Havasu City a better place to live, work, and thrive.

Together, we are proving that when nonprofits, businesses, and community members stand side by side, everyone benefits.

Hav-A-Sis Women of Distinction

Recognizing outstanding women whose lives and hearts reflect a history of community involvement, philanthropy and volunteerism, who have a personal mission of kindness and respect for all humankind, and who are excellent role models for empowering other women. These women are dedicated to helping others achieve their goals in an uplifting, supportive, and sisterly way! In this issue, we'd like you to meet ~ **AMBER PIVOVAROFF**

Born in Bakersfield, CA, Amber's parents moved to Nipomo, CA when she was only a week old. Raised in Nipomo with her younger brother, it is the place Amber called home.

Amber and her husband of 13 years, Isaac, moved from Orcutt, California to Arizona in 2023. Amber's primary professional title is "MOM" to their three children and helping Isaac with his construction business from time to time. She loves spending spare time at the lake with family, whether it be on the boat, jet skis or just hanging at the beach.

Her husband, Isaac is an ex-Navy Seal and co-president of Echo Group/Band of Brothers Arizona. Amber serves as the Ambassador of Hearts of Armor, which is the family side of the Band of Brothers. For Amber, it is a labor of love.

Band of Brothers and Hearts of Armor mean the world to Amber. It was the Band of Brothers' founder, who came to their rescue when Isaac suffered a severe PTSD moment & gave them the tools to better help Isaac when those moments occur. The Band of Brothers saved her family, and she has committed herself & her family to help other veterans navigate similar issues.

The partnering of Hav-A-Sis and Band of Brothers was Amber's introduction into the Hav-A-Sis mission. Witnessing Stacy Lee receive the Heroes in Heels recognition award gave Amber the chance to support and honor a fellow Band of Brothers "Sister."

We asked "what is something you want people to know about you?" Amber's reply was "I am first a Jesus-loving woman, I will do anything for my family and the Band of Brothers IS what I do. I am honest and blunt to a fault. If you do not want to know the truth, then do not ask me."

Amber, you are a uniquely amazing woman, and we are so proud to highlight you as a "Hav-A-Sis Woman of Distinction."

Stronger Together.

Neighbors Supporting Neighbors.

When we work together, everyone benefits and our community becomes stronger. 

The Hav-A-Sis Wristband Partner Program is more than a collection of discounts and special offers — it is a community-driven partnership designed to strengthen local connections, support small businesses, and create opportunities for giving back. By bringing together local businesses and community members under one shared mission, the program creates a cycle of support that benefits everyone involved.

For the community, the Wristband Partner Program encourages people to shop local, dine local, and discover the many unique businesses that make our area special. Every time a member visits a participating partner, they are helping keep dollars within the community while building relationships with the people behind those businesses. The program also creates opportunities for fellowship, social engagement, and community involvement, helping people feel more connected and supported.

For the Wristband Partners, the program provides valuable visibility and customer engagement. Participating businesses gain exposure to a loyal and growing network of community-minded members who actively seek out and support local establishments. The partnerships create excitement, increase foot traffic, and help businesses build lasting relationships with new customers in a positive and meaningful way.

For Hav-A-Sis, the Wristband Partner Program helps fulfill its mission of creating fellowship, supporting local causes, and giving back to the community. The success of the partnerships allows the organization to continue hosting events, supporting charitable efforts, and creating opportunities for people to connect through kindness, creativity, and shared experiences.

At its heart, the Hav-A-Sis Wristband Partner Program is about neighbors supporting neighbors. It is a reminder that when local organizations, businesses, and community members work together, everyone benefits and the entire community becomes stronger.
